- ▶ **Open de Normandie** (Boys and Girls born in 2006 and before) : **50 € per pilot**

RULES

EVENT REGULATION

UCI regulations will be enforced for all categories during Indoor de Tours International competition.

RUNNING OF THE RACES

For the **Championship** categories (from U19 to Elite) and the Normandy Open, the races will take place in Last Chance format with transponder. The race sheets will be mounted randomly and transfers to the next round will be made according to the times of the riders in the previous round. Each rider equipped with a transponder must come and test it at the **check-in station** before his tests.

For the **Challenge** categories, the races will take place in 3 scramble race rounds. Breed leaves will be mounted randomly. At the end of the 3 qualifying rounds, the transfer to the next phase is done according to the ranking of the total of the 3 motos. In case of a tie, the tiebreaker is made on the best result obtained in the previous round and so on until the tiebreaker. The choice of the place at the start is determined, for riders of the same race, on the best result obtained during the previous round (so the 3rd moto during the first round of the final phases). In case of the same result, the tiebreaker is made on the best result obtained in the previous round and so on until the tiebreaker.

FRONT AND SIDE PLATES

Since photo finish system is utilized, each bicycle entered into competition must display a **lateral number plate, not provided**, located just behind the steer tube.

Any pilot whose bike is equipped with a **non-conforming plate** will be refused for both race and warm-up.

Numbers stuck on the frame are forbidden (ref. BMX FFC rules about lateral plates).
